

src/animal/exception
/AnimalException.h

```
graph TD; A["src/animal/exception /AnimalException.h"] --> B["exception"]; A --> C["string"]
```

The diagram illustrates the dependencies of the header file `src/animal/exception/AnimalException.h`. Two blue arrows originate from the bottom of the top box and point to the boxes labeled `exception` and `string`, indicating that `AnimalException.h` includes or depends on these two components.

exception

string
